The community is looking for volunteers! As we enter the phase of recovery and rebuilding, Lahaina must shape its future by providing a visual guide for town planning and redevelopment, rooted in the values and needs of our community. By using AI image generation and tapping into the collective wisdom of Lahaina families, students will be trained to prompt the AI effectively, translating community input into visual representations. If you are interested in this program, please contact Yayoi Hara at yayoi.hara@gmail.com or call (808) 276-4042. Mahalo!
